PROFESSIONAL PROFILE

Experienced Project Manager Specializing In The Engineering / Management of Transportation Projects

Over 10+ years of experience delivering transportation projects and on-call contracts for the department of transportation, which has enabled him to oversee vendor / contractor partnerships to deliver quality projects on time and within budget through judicious technical management for each project assigned.

As a Project Leader and Consulting Project Manager with DOT, he is responsible for the delivery of numerous high profile, multi-discipline transportation improvements with complex environmental and controversial public issues. Delivering projects for Local, State and Federal Agencies throughout the western United States on within approved scope, schedule and budget.

Through maintaining interagency cooperation and representing the DOT in the Western Region he has served as a key external contact for DOT, to establish and maintain effective working relationships with local governments, including legislators, county commissioners, mayors and other officials.

PROFESSIONAL PROJECT EXPERIENCE

City of Roseville, General Bond Project.

Manager of six projects to improve the transportation system in Roseville, California. Projects consisted of the design & construction of four roundabouts and reconstruction of the Highway 80 Corridor. Meeting the commitments of the City, three projects were opened to traffic in less than one year. Projects involved traffic analysis, roadway design, ROW, utility relocations and extensive public outreach.

Department of Transportation. US80 Antelope To Meadow Vista.

Award-winning modernization project that increased the roadway section from four lanes to a six lane divided highway with a reconstructed interchange, under-crossing and wildlife crossing structure. In addition to managing the public involvement and preliminary and final design; was responsible for managing the Environmental Assessment (EA), which included coordination among Fish and Game, Forest Service, as well as other County staff and commissioners.
